## Part I Background and Overview

### Background

The No Child Left Behind (NCLB) Act of 2001 embodies four key principles:

- stronger accountability for results;
- greater flexibility and local control for states, school districts, and schools in the use of federal funds
- enhanced parental choice for parents of children from disadvantaged backgrounds, and
- a focus on what works, emphasizing teaching methods that have been demonstrated to be effective.

(Text of the legislation can be found at <http://www.cde.ca.gov/nclb/fr/>.)

In May 2002, California's State Board of Education (SBE) demonstrated the state's commitment to the development of an accountability system to achieve the goals of NCLB by adopting five **Performance Goals**:

1. All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics, by 2013 - 2014.
2. All limited - English - proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
3. By 2005 - 2006, all students will be taught by highly qualified teachers.
4. All students will be educated in learning environments that are safe, drug - free, and conducive to learning.
5. All students will graduate from high school.

In addition, 12 performance indicators linked to those goals were adopted (see Appendix A), as specified by the U.S. Department of Education (USDE). Performance targets, developed for each indicator, were adopted by the SBE in May 2003.

Collectively, NCLB's goals, along with the performance indicators and targets, constitute California's framework for ESEA accountability. This framework provides the basis for the state's improvement efforts, informing policy decisions by SBE, and implementation efforts by CDE to fully realize the system envisioned by NCLB. It also provides a basis for coordination with California's Legislature and the Governor's Office.

Since 1995, California has been building an educational system consisting of five major components:

- rigorous academic standards
- standards - aligned instructional materials
- standards - based professional development
- standards - aligned assessment
- an accountability structure that measures school effectiveness in light of student achievement.

As a result, California is well positioned to implement the tenets of NCLB.

State and federally funded initiatives aimed at improving student achievement must complement each other and work in tandem in order to have the greatest impact. In California, the state and federal consolidated applications, competitive grants, the state accountability system, the Categorical Program Monitoring process, **local educational agency plans**, professional development opportunities, and technical assistance all are moving toward a level of alignment and streamlining. The result of this consolidation will be to provide a cohesive, comprehensive, and focused effort for supporting and improving the state's lowest - performing schools and appropriate reporting mechanisms.

### **Descriptions of the Consolidated Application, the SPSA, and the Categorical Program Monitoring**

In order to meet legislative requirements for specific state and federal programs and funding, California currently employs four major processes: the Consolidated State Application, the Local Educational Agency Plan, the school - level Single Plan for Student Achievement, and Categorical Program Monitoring. **California is moving toward more closely coordinating and streamlining these processes to eliminate redundancies and make them less labor intensive for LEA's, while continuing to fulfill all requirements outlined in state and federal law.**

Below is a brief description of the ways in which these various processes currently are used in California.

#### **The Consolidated Application (ConApp)**

The Consolidated Application is the **fiscal** mechanism used by the California Department of Education to distribute categorical funds from various state and federal programs to county offices, school districts, and charter schools throughout California. Annually, in June, each LEA submits Part I of the Consolidated Application to document participation in these programs and provide assurances that the district will comply with the legal requirements of each program. Program entitlements are determined by formulas contained in the laws that created the programs.

Part II of the Consolidated Application is submitted in the fall of each year; it contains the district entitlements for each funded program. Out of each state and federal program entitlement, districts allocate funds for indirect costs of administration, for programs operated by the district office, and for programs operated at schools.

#### **The Local Educational Agency Plan (LEA Plan)**

The approval of a Local Educational Agency Plan by the local school board and State Board of Education is a requirement for receiving federal funding subgrants for NCLB programs. The LEA Plan includes specific descriptions and assurances as outlined in the provisions included in NCLB. In essence, LEA Plans describe the actions that LEAs will take to ensure that they meet certain **programmatic** requirements, including student academic services designed to increase student achievement and performance, coordination of services, needs assessments, consultations, school choice, supplemental services, services to homeless students, and others as required. In addition, LEA Plans summarize assessment data, school goals and activities from the Single Plans for Student Achievement developed by the LEA's schools.

#### **The Single Plan for Student Achievement (SPSA)**

State law requires that school - level plans for programs funded through the Consolidated Application be consolidated in a Single Plan for Student Achievement (Education Code Section 64001), developed by schoolsite councils with the advice of any applicable school advisory committees. LEA's allocate NCLB funds to schools through the Consolidated Application for Title I, Part A, Title III (Limited English Proficient), and Title V (Innovative Programs/Parental Choice). LEA's may elect to allocate other funds to schools for inclusion in school plans. The content of the school plan includes school goals, activities, and expenditures for improving the academic performance of students to the proficient level and above. The plan delineates the actions that are required for program implementation and serves as the school's guide in evaluating progress toward meeting the goals.

#### **Role of School Site Council**

The California Education Code (EC) requires the school site council to develop a SPSA for ConApp programs operated at the school or in which the school participates. In addition, Pupil Retention and School and Library Improvement Block Grant programs operated at the school must be included in the SPSA. The school site council must approve the plan, recommend it to the local governing board for approval, monitor implementation of the plan, and evaluate the results. At least annually, the school site council must revise the plan, including proposed expenditures of funds allocated to the school through the ConApp, and recommend it to the local governing board for approval.

### **Composition of School Site Council**

Composition of the school site council is specified in the California Education Code as follows:

The school site council shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of students attending the school selected by such parents; and, in secondary schools, students selected by students attending the school.

- **At the elementary level**, the school site council shall be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel; and (b) parents or other community members selected by parents. In schools with fewer than three teachers, this requirement may be met by establishing a school site council that is composed of equal numbers of school staff and parents or other community members selected by parents.
- **At the secondary level**, the school site council shall be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) equal numbers of parents or other community members selected by parents and students.
- **At both the elementary and secondary levels**, classroom teachers shall comprise the majority of persons represented under subdivision (a) of this section.

### **Categorical Program Monitoring (CPM)**

State and federal law require CDE to monitor the implementation of categorical programs operated by local educational agencies. This state - level oversight is accomplished in part by conducting on - site reviews of eighteen such programs implemented by local schools and districts. Categorical Program Monitoring is conducted for each district once every four years by state staff and local administrators trained to review one or more of these programs. The purpose of the review is to verify **compliance** with requirements of each categorical program, and to ensure that program funds are spent to increase student achievement and performance.

### **Development Process for the Single School District (SSD) Plan**

LEAs must develop a single, coordinated, and comprehensive Plan that describes the educational services for all students that can be used to guide implementation of federal and state - funded programs, the allocation of resources, and reporting requirements. The development of such a plan involves a continuous cycle of assessment, parent and community involvement, planning, implementation, monitoring, and evaluation. The duration of the Plan should be five years. **The Plan should be periodically reviewed and updated as needed, but at least once each year.**

This SSD Plan template is an effort to further align and streamline the planning requirements for single school districts, which includes direct - funded charter schools. This document incorporates the required elements of both the SPSA and the LEA Plan. Use of this template meets all state and federal requirements for plans for categorical programs. More detailed information regarding the SPSA can be found at <http://www.cde.ca.gov/nclb/sr/le/singleplan.asp>. The complete guide and template for the LEA Plan can be found at <http://www.cde.ca.gov/nclb/sr/le/>.

In developing the SSD Plan, the SSD will review its demographics, test results, performance, and resources. Given that the majority of such information is readily available in the School Accountability Report Card (SARC), the Standardized Testing and Reporting (STAR) performance results, the Academic Performance Index (API) results, and other data sources, the SSD will find the data easy to access via the Internet. (See Appendix B for links to each of the web sites containing student and staff demographic information, SARC, STAR, and API data.) **The SSD is expected to gather and review information from these resources and use it to inform the planning process.**

The SSD Plan can serve as a summary of all existing state and federal programs and establish a focus for raising the academic performance of all student groups to achieve state academic standards. In the context of this Plan, improvements in instruction, professional development, course offerings, and counseling and prevention programs are means of achieving specific academic and support services goals for all groups of students, including identified under - performing student groups. **State and federal laws require that school site administrators, teachers, and parents from the SSD (which includes direct - funded charter schools) must be consulted in the planning, development, and revision of the SSD Plan.**

The SSD Plan can be completed through the use of a single template following the six steps outlined below. Because the SSD Plan combines the LEA Plan with the SPSA, it becomes the responsibility of the school site council to develop, approve and recommend the SSD Plan to the local governing board for approval.

The LEA Plan can be completed using the following recommended steps for plan development.

### **Step One: Measure the Effectiveness of Current Improvement Strategies**

**Analyze Student Performance:** Conduct a comprehensive data analysis of student achievement, including multiple measures of student performance. Identify all relevant assessments and apply thoughtful analyses of current educational practices to establish benchmarks aimed at raising academic performance for all students, especially identified student groups.

Tables of data for your schools and district are available online:

- API Reports - <http://www.cde.ca.gov/ta/ac/ap>
- Standardized Testing and Reporting (STAR) data - <http://www.cde.ca.gov/ta/tg/sr>
- LEA Accountability Reports of Annual Measurable Achievement Objectives (AMAOs) for English learners - <http://www.cde.ca.gov/sp/el/t3/acct.asp>
- AYP Reports - <http://www.cde.ca.gov/ta/ac/ay>

### **Analyze Current Educational Practices, Professional Development, Staffing, and Parental Involvement**

Identify, review, and analyze data and related information on factors such as educational practices, parent and community involvement, professional development, support services, and resources that have an impact on student learning.

Over the past several years, CDE has developed several self - assessment tools that schools and districts can use to evaluate these factors and others needed to support academic student achievement:

- The Academic Program Survey (APS) - school - level survey of status of implementation of the nine essential program components
- District Assistance Survey (DAS) - district - level survey of status of implementation of nine essential program components
- Least Restrictive Environment Assessment - to examine educational practices for students with disabilities
- English Learner Subgroup Self Assessment (ELSSA) - to improve outcomes for English Learners

These tools can be found in the Virtual Library on the CDE web site at <http://www.cde.ca.gov/ta/lp/vl/improvtools.asp>.

(See Part II, Needs Assessment, for further details.)

### **Step Two: Seek Input from Staff, Advisory Committees, and Community Members**

The school site council must seek the input of teachers, administrators, councils, committees, parents, and community members (e.g., school health council, committees for Limited English Proficient students, state compensatory education, gifted and talented education, special education, etc.). The most effective plans are those supported by the entire LEA community. The integration of existing program plans, such as Immediate Intervention/Underperforming Schools Program, High Priority Schools Grant Program, Alternative Education Programs, Focus on Learning: Secondary School Accreditation, and others does not eliminate any program requirements. The combined process must include the requirements of every program involved.

### **Step Three: Develop or Revise Performance Goals**

Using the five NCLB performance goals and indicators (see Appendix A), develop local performance targets that are: a) derived from school and student subgroup performance data and analysis of related, scientifically based educational practices; b) attainable in the period specified in this Plan and consistent with statewide targets for all students and subgroups; c) specific to the participants (i.e., students, teachers, administrators, paraprofessionals); and d) measurable.

### **Step Four: Revise Improvement Strategies and Expenditures**

For all categorical programs, identify the participants, expected performance gains, and means of evaluating gains. Indicate specific improvements and practical monitoring of their implementation and effectiveness.

Identify available resources. Aside from fiscal resources available through federal and state funding, programmatic resources are available on the CDE Web site at <http://www.cde.ca.gov>. The ConApp provides funding for the following programs: Title I, Parts A and D; Title II, Part A; Title III, Part A; Title IV, Part A; Title V, Part A; Title VI, subpart 2 (Rural Low - Income); School Safety and Violence Prevention; Cal - SAFE; Peer Assistance Review; Tobacco - Use Prevention; Economic Impact Aid; and Middle and High School Supplemental Counseling Program.

### **Step Five: Local Governing Board Approval**

The SSD Plan must be approved by the local governing board prior to submittal to CDE. Ensure that all required signatures are affixed. The SSD Plan must be reviewed and updated annually, and all subsequent amendments should be approved by the local governing board and kept on file with the original SSD Plan.

### **Step Six: Monitor Implementation**

To verify achievement of performance targets, monitor areas such as: a) assignment and training of highly qualified staff; b) identification of participants; c) implementation of services; d) provision of materials and equipment; e) initial and ongoing assessment of performance; and f) progress made toward establishing a safe learning environment.

The analysis of data (student, school - wide, support services, professional development) is part of the ongoing program monitoring and evaluation. When results are **not** as expected, it may be helpful to consider the following: a) How are performance targets and activities based on student performance and factual assessment of current educational practices? b) How educationally sound is the Plan to help reach the targets? c) How timely and effectively is the Plan being implemented? d) If the Plan has not been implemented as written, what were the obstacles to implementation?

You may use the checklist on the next page to indicate planning steps as they are completed.

## **Needs Assessment**

The passage of NCLB imposes a number of significant new requirements on LEAs as conditions for funding provided at the state and local levels. Among these are reporting requirements designed to facilitate accountability for improving **student academic performance, teacher quality, and school safety**. As such, a needs assessment to determine strengths and weaknesses in these areas must be conducted.

In determining specific areas of need to be addressed in the Plan, the LEA should review its demographics, test results, and resources. The majority of such information is readily available on the LEA's School Accountability Report Card (SARC), the Standardized Testing and Reporting (STAR) performance results, the California English Language Development Test (CELDT) results, the Academic Performance Index (API) results, CBEDS, DataQuest, and other data sources. This data is easily accessible via the Internet (see Appendix B for links to each of the Web sites that contain student and staff demographic information, SARC, STAR, CELDT, and API data). The LEA is expected to gather and review its own information from these resources to determine strengths and needs and to shape the planning process.

### **Academic Performance**

The needs assessment should include a focus on the academic areas highlighted in California's Performance Goals 1, 2, 3, and 5 (see Appendix A for a full listing of all of California's Performance Goals and Indicators), including:

- Statewide standards, assessment, and accountability
- Local assessments and accountability
- Coordination and integration of federal and state educational programs
- The LEA academic assessment plan

### **Teacher Quality**

Another component of the needs assessment should examine local needs for professional development and hiring. LEA teachers and administrators should participate in this process to identify activities that will provide:

- teachers with the subject matter knowledge and teaching skills to provide all students the opportunity to meet challenging state academic achievement standards, and
- principals the instructional leadership skills to help teachers provide all students the opportunity to meet the state's academic achievement standards.

### **School Safety and Prevention**

The LEA needs assessment also focuses on Performance Goal 4 (see Appendix A). It is based on an evaluation of objective data regarding the incidence of violence, alcohol, tobacco, and other illegal drug use in the elementary and secondary schools and the communities to be served. It includes the objective analysis of the current conditions and consequences regarding violence, alcohol, tobacco, and other illegal drug use, including delinquency and serious discipline problems, among students who attend such schools (including private school students who participate in the drug and violence prevention program). This analysis is based on ongoing local assessment or evaluation activities (Sec. 4115 (a)(1)(A). California's Healthy Kids Survey may also provide useful information in this area. The Survey is available at [http://www.wested.org/pub/docs/chks\\_survey.html](http://www.wested.org/pub/docs/chks_survey.html).

### **Descriptions - Program Planning**

Once local strengths and needs are identified as a result of examining and evaluating current district - level data, specific descriptions can be written of how program goals will be implemented to improve student academic achievement. **On the pages that follow, the SSD will provide descriptions and information about how it plans to address the requirements of NCLB and the SPSA based upon results of the needs assessment.** Collectively, these descriptions, along with the Assurances in Part III of this document, comprise the SSD Plan.

## District Profile

In the space below, please provide a brief narrative description of your district. Include your district's vision/mission statement and any additional information about the make - up of your district, including grade levels and demographics of students served, in order to provide background and a rationale for the descriptions included in the SSD Plan.

The Mupu Elementary School District was established in 1879. It is a small, one-school district and serves children in grades K-8. The enrollment ranges from 140 to 155, and the demographic make-up is approximately 64% Hispanic and 34% White. We serve scholars from low to moderate socio-economic backgrounds, with about 55% of scholars eligible to participate in the National Lunch Program. Approximately 14% of our population are English Learners. In 2016, Mupu scholars scored 45% proficient or exceeded the English Language Arts standards and 38% proficient or exceeded the in Math standards on the Smarter Balanced Assessment. We strive to maintain high academic standards, a strong family-oriented learning community, and a learning environment in which every single scholar who walks through our doors is cared for and nurtured. Mupu scholars and staff strive to live by our HEART Guidelines:

Have a positive attitude  
Expect success, and work for it  
Accept responsibility  
Respect myself and others  
Think before acting

Our Motto: Fostering Growth and Academic Excellence in a Unique and Nurturing Setting

Our Vision: Mupu is a place where every scholar knows he/she is respected; expects to be a successful learner; wants to be here; is safe; leaves feeling prepared to meet academic and personal challenges; knows that all employees care about his/her academic and social success.

Our Mission: To ensure that all scholars achieve academic excellence. All members of our learning community are committed to providing a safe and nurturing environment that fosters academic achievement, personal growth, social responsibility, and proficiency in technology.

## Local Measures of Student Performance (other than State-level assessments)

Per NCLB Section 1112 regarding Local Educational Agency Plans, each LEA must provide the following descriptions in its Plan:

**A description of high - quality student academic assessments, if any, that are in addition to the academic assessments described in the State Plan under section 1111(b) (3), that the local educational agency and schools served under this part will use to:**

- a) determine the success of students in meeting the State student academic achievement standards and provide information to teachers, parents, and students on the progress being made toward meeting student academic achievement standards;
- b) assist in diagnosis, teaching, and learning in the classroom in ways that best enable low - achieving students to meet State student achievement academic standards and do well in the local curriculum;
- c) determine what revisions are needed to projects under this part so that such children meet the State student academic achievement standards; and
- d) identify effectively students who may be at risk for reading failure or who are having difficulty reading, through the use of screening, diagnostic, and classroom - based instructional reading assessments.

If the SSD uses such assessments in addition to State Academic assessments, please provide a succinct description below, and indicate grade levels and students served with such assessments.

Also, please describe any other indicators that will be used in addition to the academic indicators described in Section 1111 for the uses described in that Section.

Mupu School District uses formative and benchmark assessments provided by the adopted textbook programs to determine scholar progress in meeting grade level standards. The current reading/language arts programs are Harcourt, Excursions 2010, K-6 and Holt and Prentice Hall Literature for Seventh and Eighth grades. In math, Pearson Envision Common Core and Houghton Mifflin Harcourt- CA Math Expressions K-5 are being piloted. Pearson Connected Mathematics 3 is the curriculum in grades sixth through eighth. In addition to the adopted programs, the district subscribes to EADMS for online assessments. These will be used to track student progress as the district transitions to the Common Core State Standards Curriculum.

**Performance Goal 1A:**

**All students will reach high standards, at a minimum, attaining proficiency or better in reading by 2013 - 2014.**

<b>School Goal 1A:</b> (Should be specific, measurable, and based on conclusions from Analysis of Program Components and Student Data pages)	
In 2016-17- 50% of students in Grades 3-8 will meet or exceed standard in ELA as shown on statewide assessment. In 2016-17, 65% of all students will meet or exceed standard on district Reading/Language Arts Assessments.

**Planned Improvement in Programs for LEP Students and Immigrants (Title III)**

Describe the following specific activities addressing the use of Title III and/or EIA/LEP supplemental funds (note that the required activities must be addressed)	Persons Involved and Timeline	Related Expenditures	Estimated Cost	Funding Source
<b>Required Activities</b>				
<p>1. The programs and activities to be developed, implemented, and administered and how the SSD will use these funds to meet all annual measurable achievement objectives described in Section 3122</p> <p>1. Use CCSS ELD component to plan instruction  2. Use adopted programs "Universal Access" support  3. Continue with Intervention Program to address the needs of struggling learners, including ELs  Continue with After School Program that gives small group support to ELs and other struggling students</p>	Principal & Teachers: 8/10/16	CCSS Professional Development included in LCAP Goals 1A and 1B, Intervention Teacher, After School Program	Encompassed in LCAP Goals 1.5, 1.8, 1.9, 53,300	Cat Flex (previously EIA) Title III for EL Support materials
<p>2. How the SSD will hold elementary and secondary schools receiving funds under this subpart accountable for:</p> <p>a. meeting the annual measurable achievement objectives described in Section 3122  b. making adequate yearly progress for limited - English - proficient students (Section 1111(b)(2)(B))  c. annually measuring the English proficiency of LEP students so that the students served develop English proficiency while meeting State Academic standards and student achievement (Section 1111(b)(1))</p> <p>The Superintendent/Principal will ensure that CELDT (or equivalent) will be administered annually, that English Learners in every class receive ELD/SDAIE instruction, and that EL progress will be a part of PLC assessment reporting.</p>	Superintendent/Principal 8/10/16			
<p>3. How the SSD will promote parental and community participation in LEP programs</p> <p>1. Hold at least one meeting annually to explain LEP program and to solicit input  2. Ensure that parents of English Learners are informed of English proficiency and progress toward fluency and are encouraged to provide input regarding the program  3. Ensure that parents of English Learners are informed of academic progress and are encouraged to provide input</p>	Principal & Teachers beginning 8/10/16

**Note:**

Notifications must be provided to parents of students enrolled since the previous school year, not later than 30 days after the beginning of the school year. If students enroll after the beginning of the school year, parents must be notified within two weeks of the child being placed in such a program.

**SSD Parent Notification Failure to Make Progress**

If the SSD fails to make progress on the annual measurable achievement objectives, it will inform parents of a child identified for participation in such program, or participating in such program, of such failure not later than 30 days after such failure occurs.

**Plans to Provide Services for Immigrants**

Please describe the following IF the SSD is receiving or planning to receive Title III Immigrant supplemental funding (per Sec. 3115(e)).	Persons Involved and Timeline	Related Expenditures	Estimated Cost	Funding Source
<b>Allowable Activities</b>				
1. Family literacy, parent outreach, and training activities designed to assist parents to become active participants in the education of their children.				
2. Support for personnel, including teacher aides who have been specifically trained, or are being trained, to provide services to immigrant children and youth.				
3. Provision of tutorials, mentoring, and academic or career counseling for immigrant children and youth.				
4. Identification and acquisition of curricular materials, educational software, and technologies to be used in the program carried out with funds.				
5. Basic instruction services that are directly attributable to the presence in the school district involved of immigrant children and youth, including the payment of costs of providing additional classroom supplies, costs of transportation, or such other costs as are directly attributable to such additional basic instruction services.				
6. Other instruction services designed to assist immigrant children and youth to achieve in elementary and secondary schools in the USA, such as programs of introduction to the educational system and civics education.				
7. Activities coordinated with community - based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist parents of immigrant children and youth by offering comprehensive community services.				

**Performance Goal 3:**

**By 2005 - 06, all students will be taught by highly qualified teachers.**

**Summary of Needs and Strengths for Professional Development**

Based on a needs assessment of teacher data for your school/district, include a narrative that describes areas of needed professional development and areas where adequate professional development opportunities exist.

**[Description of activities under Title II, Part A, Subpart 1, Grants to SSD]**

Mupu uses Title II funds (\$3,888) to help maintain Class Size Reduction in the K-3 program. The funds are used to help pay for part of a CSR teacher. All teachers are NCLB Highly Qualified. All teachers participate in planned professional development that focuses on the district's transition to the Common Core State Standards. Professional Development focuses on instructional strategies to deliver CCSS instruction, using technology as an integral tool for student engagement and learning, and developing schoolwide capacity using the Professional Learning Community model. Teachers meet weekly with their PLC teams to discuss instructional strategies, assessment & class observation results, professional growth, and students who need intervention and how the intervention will be provided.

Strengths	Needs
<ol style="list-style-type: none"><li>1. All teachers participate in professional development as a schoolwide team.</li><li>2. All teachers participate in PLC teams.</li><li>3. Principal supports and ensures that effective instructional strategies and practices are implemented through classroom observations, teacher interaction, and student assessment results.</li><li>4. Principal meets on a weekly basis with a superintendent cohort to discuss current educational issues and trends.</li></ol>	<ol style="list-style-type: none"><li>1. Teachers are isolated, since this is a one-school district, and do not have grade-alike peers.</li><li>2. Teachers would benefit from a coaching model to improve instruction</li><li>3. Lack of substitutes makes it difficult for multiple teachers to be released during school hours.</li></ol>

**Performance Goal 3:**

**By 2005 - 06, all students will be taught by highly qualified teachers.**

<p><b>School Goal 3:</b>  <b>(Should be specific, measurable, and based on conclusions from Analysis of Program Components and Student Data pages)</b></p> <p>100% of Teachers will be NCLB Highly Qualified and will participate in district-sponsored professional development, with a focus on understanding and delivering high quality instruction for Common Core State Standards. This will help district meet the goal of at least 70% of scholars proficient in ELA &amp; Math.</p>	
<p><b>Student groups and grade levels to participate in this goal:</b>                  K-8</p>	<p><b>Anticipated annual performance growth for each group:</b>                  5% improvement over last year's district wide assessments</p>
<p><b>Means of evaluating progress toward this goal:</b>                  Review of PLC Discussion Notes                  Review of attendance rates at Professional Development Events                  Observation of teachers using strategies presented at PD                  Student achievement in ELA and Math</p>	<p><b>Data to be collected to measure academic gains:</b>                  Results of benchmark and summative assessments</p>

**Planned Improvements for Professional Development (Title II)**

(Summarize information from district-operated programs and approved school-level plans)

Descriptions	Persons Involved/ Timeline	Related Expenditures	Estimated Cost	Funding Source
<p>1. How the professional development activities are aligned with the State's challenging academic content standards and student academic achievement standards, State assessments, and the curricula and programs tied to the standards:</p> <p>Training will focus on developing teachers' depth of knowledge in content areas and classroom management, including: NGSS, ELD strategies, Math Practices, Common Core, Restorative Justice, as well as instructional planning and creating assessments through professional development and learning communities. Most PD is done through the Ventura County Office of Education, using their subject specialists, thus ensuring that the activities are aligned correctly.</p>	<p>Superintendent/Principal &amp; Teachers                  8/10/16</p>	<p>Cost of Trainers, subs, and stipends</p>	<p>\$15,000 (See LCAP Goal 1.5)</p>	<p>Cat Flex, General Fund-LCAP</p>
<p>2. How the activities will be based on a review of scientifically based research and an explanation of why the activities are expected to improve student academic achievement:</p> <p>The district will contract with Ventura County Office of Education, which only uses scientifically based activities.</p>	<p>Superintendent/Principal &amp; Teachers                  8/10/16</p>			

Descriptions	Persons Involved/ Timeline	Related Expenditures	Estimated Cost	Funding Source
<p>3. How the activities will have a substantial, measurable, and positive impact on student academic achievement and how the activities will be used as part of a broader strategy to eliminate the achievement gap that separates low - income and minority students from other students:</p> <p>The strategies are all based on 100% student engagement and participation with immediate feedback from the teacher. The teacher is constantly checking for understanding and reteaching, redirecting, elaborating, and encouraging. The teachers will use the "I do it, We do it, You do it" model to make sure that all students are learning. These strategies should eliminate gaps.</p>	Superintendent/Principal & Teachers 8/10/16			
<p>4. How the SSD will coordinate professional development activities authorized under Title II, Part A, Subpart 2 with professional development activities provided through other Federal, State, and local programs:</p> <p>As a one-school district, we develop the plan and then use funding sources from wherever we can.</p>	Superintendent/Principal 8/10/16			
<p>5. The professional development activities that will be made available to teachers and principals and how the SSD will ensure that professional development (which may include teacher mentoring) needs of teachers and principals will be met:</p> <p>Principal meets on a weekly basis with a superintendent cohort through the University of Southern California. Such topics of discussion include but are not limited to diversity, research and development, curriculum, finance, 21st-century skills, STEM education, and Project Based Learning.</p> <p>Teachers have opportunities to attend professional development through Ventura County Office of Education as well as collaborate on a weekly basis grade-span colleagues.</p> <p>One teacher will be participating in the NGSS Leadership Network Series throughout the year.</p>	Superintendent/Principal 8/10/16			
<p>6. **Performance Goal 4:**

**All students will be educated in learning environments that are safe, drug - free, and conducive to learning.**

**Environments Conducive to Learning (Strengths and Needs)**

Please provide a list of the SSD's strengths and needs regarding how students are supported physically, socially, emotionally, intellectually, and psychologically in environments that are conducive to learning, along with the SSD's strengths and needs regarding student barriers to learning (e.g., attendance, mobility, and behavior).

Strengths	Needs
Mupu does not receive any Tobacco/Drug Free Schools Funding. However, we believe that even without this funding, Mupu provides a safe and nurturing environment in which to learn. The attendance rate is generally about 96%. Families tend to stay at Mupu for many years, even if it means doubling up with other family members. Mupu uses the Positive Behavior Intervention Program and CHAMPS to maintain a positive schoolwide culture and behavior management. Because of this program, discipline referrals have dropped to about one a month. There was one suspension in 2015-16, and zero in 2016-17 at the time of this plans approval.	Mupu is not staffed with proper personnel to handle acute, psychological issues or chronic mental health issues. Students who suffer from domestic violence, drug/alcohol abuse in the home, or who have had traumatic situations in their lives have no access to site-based counselors or therapists. Mupu has no access to counselors who can hold intervention groups for socially or psychologically needy students.

**Environments Conducive to Learning (Activities)**

Please list the activities or programs supported by all NCLB or state funded programs that the LEA will implement to support students physically, socially, emotionally, intellectually, and psychologically in environments that are conducive to learning. Include programs and strategies designed to address students' barriers to learning (e.g. attendance and behavior). Include a copy of the SSD's code of conduct or policy regarding student behavior expectations.

Activities
Mupu receives no funding in this area.

**Needs and Strengths Assessment (4115(a)(1)(A))**

Based on data regarding the incidence of violence and alcohol, tobacco, and other drug use in the schools and communities to be served, and other qualitative data or information, provide a list of the SSD's strengths and needs related to preventing risk behaviors.

Strengths	Needs
Mupu receives no funding in this area. However, because the learning community members are committed to providing a strong academic program in a nurturing setting, we have discovered that we are able to build on students' assets and be a safe place for them to grow and learn. Students daily receive the message to follow the HEART guidelines to be successful.	Mupu would benefit from trained counselors to be alert to risk behaviors and intervene to guide the student to healthier behaviors.

**Performance Goal 4:**

**All students will be educated in learning environments that are safe, drug - free, and conducive to learning.**

**Safe and Drug Free Schools and Communities (SDFSC) and Tobacco Use Prevention Education (TUPE)**

**Prevention Program Performance Indicators (4115(a)(1)(B))**

The SSD is required to establish a biennial goal for all of the performance indicators listed below. List specific performance indicators for each grade level served, and for each listed measure, as well as the date of, and results from, the baseline administration of the Healthy Kids Survey:

Alcohol, Tobacco, Other Drug Use, and Violence Prevention Performance Measures from the California Healthy Kids Survey	Most Recent Survey date: Baseline Data	Biennial Goal (Performance Indicator)
The percentage of students that have ever used cigarettes will decrease biennially by:	5th: % 7th: %	5th: % 7th: %
The percentage of students that have used cigarettes within the past 30 days will decrease biennially by:	7th: % 9th: % 11th: %	7th: % 9th: % 11th: %
The percentage of students that have used marijuana will decrease biennially by:	5th: % 7th: %	5th: % 7th: %

**Science Based Programs (4115 (a)(1)(C))**

The LEA must designate and list the science - based programs (programs proven by science to effectively prevent tobacco use, alcohol use, other drug use, and violence) selected from Appendix C. From Appendix C, list the scientifically based programs the LEA will adopt and implement to serve 50 percent or more of the students in the target grade levels. Indicate below your program selections, and provide all other requested information.

**Promising or Favorable Programs (4115 (a)(3))**

The LEA may - but is not required to - designate and list the promising or favorable programs (programs whose effectiveness is not as strongly established though scientific evidence) selected from Appendix E. From Appendix E, list the promising or favorable programs the LEA will adopt and implement to serve 50 percent or more of the students in the target grade levels. Indicate below your program selections, and provide all other requested information.

**Waiver to Adopt Promising or Favorable Programs not listed in Appendix E:**

Check the box below if the LEA will submit an application for waiver in order to include other promising or favorable programs not found in Appendix E. Programs not listed in Appendix E will be considered on a case - by - case basis. The LEA must demonstrate that the program for which a waiver is requested is legitimately innovative or demonstrates substantial likelihood of success. The CDE will provide under separate cover additional information and the forms for submitting a waiver request.

**Analysis of Data for Selection of Programs and Activities (4115 (a)(1)(D))**

For each selected Appendix C programs or Appendix D activities, provide a brief narrative rationale based on the SSD's analysis of CSS, CHKS, and CSSA data related to why the LEA selected these programs and activities for implementation.

---

**Evaluation and Continuous Improvement (4115 (a)(2)(A))**

Provide a description for how the LEA will conduct regular evaluations of the effectiveness of the SSD's alcohol, tobacco, other drug use and violence prevention program. Describe how the results of the evaluation will be used to refine, improve and strengthen the program.

---

**Use of Results and Public Reporting (4115 (a)(2)(B))**

Describe the steps and timeline the LEA will use to publicly report progress toward attaining performance measures for the SDFSC and TUPE programs. Describe how the evaluation results will be made available to the public including how the public will be provided notice of the evaluation result's availability.

---

**Mandatory Safe and Drug Free Schools and Communities (4114(d)(2)(E))**

Briefly describe how SDFSC funded program services will be targeted to the SSD's schools and students with the greatest need. (Section 4114 [d][3])

---

**Coordination of All Programs (4114 (d)(2)(A))**

Provide a detailed, but brief, explanation of how the LEA will coordinate SDFSC funded alcohol, tobacco, other drug and violence prevention programs with other federal state and local prevention programs.

---

**Parent Involvement (4115 (a)(1)(e))**

Provide a brief, but detailed, description of the parent involvement and describe the parent notification procedures used to meet requirements under NCLB Title IV, Part A - SDFSC program.

---

**TUPE Services for Pregnant Minors and Minor Parents (H&SC 104460)**

Describe the TUPE services and referral procedures for pregnant minors and minor parents enrolled in the LEA and how they will be provided with tobacco - use prevention services. Include students participating in programs such as the California School Age Families Education (Cal - SAFE) program, the Adolescent Family Life Program (AFLP) administered through the Department of Health Services, and the Cal - Learn program administered by the Department of Social Services.

---

**TUPE Funded Positions (Health & Safety Code 104420(b)(3))**

Provide full time equivalent (FTE) staffing configuration for all TUPE funded positions. (Health and Safety Code section 104420 [b][3])

Position/Title	Full Time Equivalent

**Performance Goal 5:  
All students will graduate from high school.**

Planned Improvements: High School Graduation Rates, Dropouts, and AP

This section of the plan is intended to reflect the SSD's efforts to reduce the percentage of students dropping out of school, and therefore, increase the percentage of students who graduate from high school. Also include a description below of the SSD's efforts to ensure that all students have equal access to advanced placement (AP) opportunities. *This page does not apply to districts with no secondary students.*

**Additional Mandatory Title I Descriptions**

Please include in the space below the following descriptions mandated by NCLB legislation. If the SSD has already included any of the descriptions, they do not need to be provided again here; please indicate the page number or section of the Plan where this information is included.

Please provide a general description of the nature of the programs to be conducted by the SSD under Sections 1114, "Schoolwide Programs," and/or Section 1115, "Targeted Assistance Schools." All ten of the required components must be addressed.

For more information on Schoolwide, please go to <http://www.cde.ca.gov/sp/sw/rt>.

For Targeted Assistance go to <http://www.cde.ca.gov/sp/sw/rt/tasinfo.asp>.

<b>Schoolwide Programs (SWP) - Resources to Upgrade the Entire Educational Program</b>	
<p>For schoolwide programs (SWP), describe how the SSD will help schools to bring together all resources to upgrade the entire educational program at the school and include assistance in activities such as:</p> <ul style="list-style-type: none"><li>• A comprehensive needs assessment of the entire school in relation to state standards. Schoolwide reform strategies that provide opportunities for all children to meet state standards.</li><li>• Effective methods and instructional strategies based on scientifically - based research.</li><li>• Strategies that give primary consideration to extended learning time, extended school year, before and after school and summer programs.</li><li>• Proven strategies that address the needs of historically under served students, low achieving students, and those at risk of not meeting state standards.</li><li>• Instruction by highly qualified teachers and strategies to attract and keep such teachers.</li><li>• High quality and ongoing professional development for teachers, principals, paraprofessionals, and if appropriate, pupil services personnel, parents and other staff.</li><li>• Strategies to increase parental involvement.</li><li>• Assistance to preschool children in transitioning from early childhood programs to elementary school programs.</li><li>• Timely and effective additional assistance to students who experience difficulty mastering state standards.</li></ul>	

<b>Targeted Assistance Programs (TAS) - Student Identification</b>	
<p>For targeted assistance programs (TAS), describe how the SSD will help schools to identify participating students most at risk of failing to meet state standards and help those students to meet the State's challenging academic standards. The description should include activities such as:</p> <ul style="list-style-type: none"> <li>• Effective methods and instructional strategies based on scientifically - based research.</li> <li>• Strategies that give primary consideration to extended learning time, extended school year, before and after school and summer programs.</li> <li>• Strategies that minimize removing children from the regular classroom during regular school hours for instruction.</li> <li>• Instruction by highly qualified teachers.</li> <li>• Professional development opportunities for teachers, principals, and paraprofessionals, including if appropriate, pupil services personnel, parents, and other staff.</li> <li>• Strategies to increase parental involvement.</li> </ul>	

Please describe how teachers, in consultation with parents, administrators, and pupil services personnel in targeted assistance schools under Section 1115, "Targeted Assistance Schools," will identify the eligible children most in need of services under this part. **Please note that multiple, educationally related criteria must be used to identify students eligible for services.** Where applicable, provide a description of appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children in community day school programs, and homeless children.

<b>Targeted Assistance Programs (TAS) - Student Identification</b>	
<p>Describe who is involved and the criteria used to identify which students in a targeted assistance school will receive services. The criteria should:</p> <ul style="list-style-type: none"> <li>• Identify children who are failing or most at risk of failing to meet the state academic content standards.</li> <li>• Use multiple measures that include objective criteria such as state assessments, and subjective criteria such as teacher judgment, parent interviews and classroom grades.</li> <li>• Include solely teacher judgment, parent interviews and developmentally appropriate measures, if the district operates a preschool through grade 2 program with Title I funds.</li> </ul>	
<p>The description should include services to homeless children, such as the appointment of a district liaison, immediate enrollment, transportation, and remaining in school of origin.</p>	
<p>The description should include services to children in a local institution for neglected or delinquent children and youth or attending a community day program, if appropriate.</p>	

Please describe the actions the SSD will take to obtain assistance if identified under Section 1116, "Academic Assessment and Local Educational Agency and School Improvement," as in need of improvement. Note that the federal guidance indicates that in the case of direct - funded charter schools, the charter authorizer should play a role in providing this assistance.

<b>Program Improvement (PI) - Seeking Technical Assistance</b>	
<p>If the SSD is a PI school(s), describe technical assistance activities the SSD will obtain, such as the following:</p> <ul style="list-style-type: none"> <li>• Assistance in developing, revising, and implementing the school plan.</li> <li>• Analyzing data to identify and address problems in instruction, parental involvement, professional development and other areas.</li> <li>• Assistance in implementing proven and effective strategies that will address the problems that got the school identified as PI and will get the school out of PI.</li> <li>• Assistance in analyzing and revising the school budget so the school's resources are used effectively.</li> </ul>	

Please describe the actions the LEA will take to implement public school choice with paid transportation and Supplemental Educational Services, consistent with the requirements of Section 1116, "Academic Assessment and Local Educational Agency and School Improvement."

<b>Program Improvement (PI) - Parent Notification</b>	
<p>Describe the process for parent notification of the school's identification as PI, including notification of the right for students to transfer to another school that is not PI with paid transportation, and the right to receive supplemental services.</p>	
<p>Describe how the SSD will provide school choice and supplemental services to eligible children, including the selection of the children to receive services.</p>	

Please describe the strategy the SSD will use to coordinate programs under Title I with programs under Title II to provide professional development for teachers and principals, and, if appropriate, pupil services personnel, administrators, parents, and other staff, including LEA - level staff in accordance with Section 1118, "Parental Involvement," and Section 1119, "Qualifications for Teachers and Paraprofessionals."

<b>Highly Qualified Teachers</b>	
<p>Describe the SSD's strategies for coordinating resources and efforts to help schools retain, recruit and increase the number of highly qualified teachers, principals, and other staff.</p>	
<p>Describe the SSD's strategies for coordinating resources and efforts to prepare parents to be involved in the schools and in their children's education.</p>	

**Coordination of Educational Services**

In the space below, please describe how the LEA will coordinate and integrate educational services at the LEA or individual school level in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program. Include programs such as: Even Start; Head Start; Reading First; Early Reading First and other preschool programs (including plans for the transition of participants in such programs to local elementary school programs; services for children with limited English proficiency; children with disabilities; migratory children; neglected or delinquent youth; Native American (Indian) students served under Part A of Title VII; homeless children; and immigrant children.

Increasing Program Effectiveness	
<p>Describe how the SSD will coordinate and integrate educational services to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program, including programs such as:</p> <ul style="list-style-type: none"><li>a. Even Start</li><li>b. Head Start</li><li>c. Reading First</li><li>d. Early Reading First</li><li>e. Other preschool programs</li><li>f. ## **Assurances**

To assure the SSD's eligibility for funds included in this Plan, the Superintendent must provide an original signature below attesting to compliance with all of the following statements.

### **General Assurances**

1. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
2. The SSD will comply with all applicable supplement not supplant and maintenance of effort requirements.
3. (a) The control of funds provided under each program and title to property acquired with program funds will be in a public agency, a non - profit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to those entities; (b) the public agency, non - profit private agency, institution or organization, or Indian tribe will administer the funds and property to the extent required by the authorizing law.
4. The SSD will adopt and use proper methods of administering each such program, including - (a) the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program; and (b) the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
5. The SSD will cooperate in carrying out any evaluation of each such program conducted by, or for, the State educational agency, the Secretary, or other Federal officials.
6. The SSD will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, Federal funds paid to the applicant under each such program.
7. The SSD will - (a) submit such reports to the State educational agency (which shall make the reports available to the Governor) and the Secretary as the State educational agency and Secretary may require to enable the State educational agency and Secretary to perform their duties under each such program; and (b) maintain such records, provide such information, and afford such access to the records as the State educational agency (after consultation with the Governor) or the Secretary may reasonably require to carry out the State educational agency's or the Secretary's duties.
8. The SSD has consulted with teachers, school administrators, parents, and others in the development of the local consolidated application/SSD Plan to the extent required under Federal law governing each program included in the consolidated application/SSD Plan.
9. Before the application was submitted, the SSD afforded a reasonable opportunity for public comment on the application and considered such comment.
  - a. The SSD will provide the certification on constitutionally protected prayer that is required by section 9524.
10. The SSD will comply with the armed forces recruiter access provisions required by section 9528.

## **TITLE I, PART A**

The SSD, hereby, assures that it will:

11. Participate, if selected, in the State National Assessment of Educational Progress in 4<sup>th</sup> and 8<sup>th</sup> grade reading and mathematics carried out under section 411(b)(2) of the National Education Statistics Act of 1994.
12. If the SSD receives more than \$500,000 in Title I funds, it will allow 1% to carry out NCLB Section 1118, Parent Involvement, including promoting family literacy and parenting skills; 95% of the allocation will be distributed to schools.
13. Inform eligible schools and parents of schoolwide program authority and the ability of such schools to consolidate funds from Federal, State, and local sources.
14. Provide technical assistance and support to schoolwide programs.
15. Work in consultation with schools as the schools develop the schools' plans pursuant to section 1114 and assist schools as the schools implement such plans or undertake activities pursuant to section 1115 so that each school can make adequate yearly progress toward meeting the State student academic achievement standards.
16. Fulfill such agency's school improvement responsibilities under section 1116, including taking actions under paragraphs (7) and (8) of section 1116(b).
17. Provide services to eligible children attending private elementary schools and secondary schools in accordance with section 1120, and timely and meaningful consultation with private school officials regarding such services.
18. Take into account the experience of model programs for the educationally disadvantaged, and the findings of relevant scientifically based research indicating that services may be most effective if focused on students in the earliest grades at schools that receive funds under this part.
19. In the case of an SSD that chooses to use funds under this part to provide early childhood development services to low - income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act.
20. Work in consultation with schools as the schools develop and implement their plans or activities under sections 1118 and 1119 and *California Education Code Section 64001*.
21. Comply with requirements regarding the qualifications of teachers and paraprofessionals and professional development.
22. Inform eligible schools of the local educational agency's authority to obtain waivers on the school's behalf under Title IX.
23. Coordinate and collaborate, to the extent feasible and necessary as determined by the local educational agency, with the State educational agency and other agencies providing services to children, youth, and families with respect to a school in school improvement, corrective action, or restructuring under section 1116 if such a school requests assistance from the local educational agency in addressing major factors that have significantly affected student achievement at the school.
24. Ensure, through incentives for voluntary transfers, the provision of professional development, recruitment programs, or other effective strategies, that low - income students and minority students are not taught at higher rates than other students by unqualified, out - of - field, or inexperienced teachers.

25. Use the results of the student academic assessments required under section 1111(b)(3), and other measures or indicators available to the agency, to review annually the progress of each school served by the agency and receiving funds under this part to determine whether all of the schools are making the progress necessary to ensure that all students will meet the State's proficient level of achievement on the State academic assessments described in section 1111(b)(3) within 12 years from the baseline year described in section 1111(b)(2)(E)(ii).
26. Ensure that the results from the academic assessments required under section 1111(b)(3) will be provided to parents and teachers as soon as is practicably possible after the test is taken, in an understandable and uniform format and, to the extent practicable, provided in a language or other mode of communication that the parents can understand.
27. Assist each school served by the agency and assisted under this part in developing or identifying examples of high - quality, effective curricula consistent with section 1111(b)(8)(D) and *California Education Code Section 64001*.
28. Ensure that schools in school improvement status spend not less than ten percent of their Title I funds to provide professional development (in the area[s] of identification to teachers and principals) for each fiscal year.
29. Prepare and disseminate an annual SSD report card in accordance with section 1111(h)(2).
30. Where applicable, the applicant will comply with the comparability of services requirement under section 1120A(c). In the case of a local educational agency to which comparability applies, the applicant has established and implemented an agency - wide salary schedule; a policy to ensure equivalence among schools in teachers, administrators, and other staff; and a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. Documentation will be on file to demonstrate that the salary schedule and local policies result in comparability and will be updated biennially.

#### **TITLE I, PART D - SUBPART 2**

31. Where feasible, ensure that educational programs in the correctional facility are coordinated with the student's home school, particularly with respect to a student with an individualized education program under Part B of the Individuals with Disabilities Education Act.
32. Work to ensure that the correctional facility is staffed with teachers and other qualified staffs that are trained to work with children and youth with disabilities taking into consideration the unique needs of such children and youth.
33. Ensure that the educational programs in the correctional facility are related to assisting students to meet high academic achievement standards.

#### **TITLE II, PART A**

34. The SSD, hereby, assures that:

- The SSD will target funds to schools within the jurisdiction of the local educational agency that:
  - (A) have the lowest proportion of highly qualified teachers;**
  - (B) have the largest average class size; or**
  - (C) are identified for school improvement under section 1116(b).**
- The SSD will comply with section 9501 (regarding participation by private school children and teachers).
- The SSD has performed the required assessment of local needs for professional development and hiring, taking into account the activities that need to be conducted in order to give teachers the means, including subject matter knowledge and pedagogy skills, and to give principals the instructional leadership skills to help teachers, to provide students with the opportunity to meet California's academic content standards. This needs assessment was conducted with the involvement of teachers, including teachers participating in programs under Part A of Title I.
- The SSD will assure compliance with the requirements of professional development as defined in section 9101 (34).

## **TITLE II, PART D**

35. The SSD has an updated, local, long - range, strategic, educational technology plan in place that includes the following:
- a. Strategies for using technology to improve academic achievement and teacher effectiveness.
  - b. Goals aligned with challenging state standards for using advanced technology to improve student academic achievement.
  - c. Steps the applicant will take to ensure that all students and teachers have increased access to technology and to help ensure that teachers are prepared to integrate technology effectively into curricula and instruction.
  - d. Promotion of curricula and teaching strategies that integrate technology, are based on a review of relevant research, and lead to improvements in student academic achievement.
  - e. Ongoing, sustained professional development for teachers, principals, administrators, and school library media personnel to further the effective use of technology in the classroom or library media center.
  - f. A description of the type and costs of technology to be acquired with Ed Tech funds, including provisions for interoperability of components.
  - g. A description of how the applicant will coordinate activities funded through the Ed Tech program with technology - related activities supported with funds from other sources.
  - h. A description of how the applicant will integrate technology into curricula and instruction, and a timeline for this integration.
  - i. Innovative delivery strategies - a description of how the applicant will encourage the development and use of innovative strategies for the delivery of specialized or rigorous courses and curricula through the use of technology, including distance learning technologies, particularly in areas that would not otherwise have access to such courses or curricula due to geographical distances or insufficient resources.
  - j. A description of how the applicant will use technology effectively to promote parental involvement and increase communication with parents.
  - k. Collaboration with adult literacy service providers.
  - l. Accountability measures - a description of the process and accountability measures that the applicant will use to evaluate the extent to which activities funded under the program are effective in integrating technology into curricula and instruction, increasing the ability of teachers to teach, and enabling student to reach challenging state academic standards.
  - m. Supporting resources - a description of the supporting resources, such as services, software, other electronically delivered learning materials, and print resources that will be acquired to ensure successful and effective uses of technology.
36. The SSD must use a minimum of 25 percent of their funds to provide ongoing, sustained, and intensive high quality professional development in the integration of advanced technology into curricula and instruction and in using those technologies to create new learning environments.
37. **Any SSD that does not receive services at discount rates under section 254(h)(5) of the Communications Act of 1934 (47 U.S.C. 254(h)(5)) hereby assures the SEA** that the SSD will not use any Title II, Part D funds to purchase computers used to access the Internet, or to pay for direct costs associated with accessing the Internet, for such school unless the school, school board, local educational agency, or other authority with responsibility for administration of such school:
- has in place a policy of Internet safety for minors that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are obscene, child pornography, or harmful to minors; and
  - is enforcing the operation of such technology protection measure during any use of such computers by minors; and
  - has in place a policy of Internet safety that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are obscene or child pornography, and is enforcing the operation of such technology protection measure during any use of such computers.
  - Any SSD that does receive such discount rates hereby assures the SEA that it will have in place a policy of Internet safety for minors required by Federal or State law.

### **TITLE III**

38. The SSD assures that it consulted with teachers, researchers, school administrators, parents, and, if appropriate, with education - related community groups, nonprofit organizations, and institutions of higher education in developing the SSD Plan.
39. The SSD will hold elementary and secondary schools accountable for increasing English language proficiency and for LEP subgroups making adequate yearly progress.
40. The SSD is complying with Section 3302 prior to, and throughout, each school year.
41. The SSD annually will assess the English proficiency of all students with limited English proficiency participating in programs funded under this part.
42. The SSD has based its proposed plan on scientifically based research on teaching limited - English - proficient students.
43. The SSD ensures that the programs will enable to speak, read, write, and comprehend the English language and meet challenging State academic content and student academic achievement standards.
44. The SSD is not in violation of any State law, including State constitutional law, regarding the education of limited - English - proficient students, consistent with Sections 3126 and 3127.

### **TITLE IV, PART A**

45. The SSD assures that it has developed its application through timely and meaningful consultation with State and local government representatives, representatives of schools to be served (including private schools), teachers and other staff, parents, students, community - based organizations, and others with relevant and demonstrated expertise in drug and violence prevention activities (such as medical, mental health, and law enforcement professionals).
46. The activities or programs to be funded comply with the principles of effectiveness described in section 4115(a) and foster a safe and drug - free learning environment that supports academic achievement.
47. The SSD assures that funds under this subpart will be used to increase the level of State, local, and other non - Federal funds that would, in the absence of funds under this subpart, be made available for programs and activities authorized under this subpart, and in no case supplant such State, local, and other non - Federal funds.
48. Drug and violence prevention programs supported under this subpart convey a clear and consistent message that acts of violence and the illegal use of drugs are wrong and harmful.
49. The SSD has, or the schools to be served have, a plan for keeping schools safe and drug - free that includes:
  - Appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons, and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students.
  - Security procedures at school and while students are on the way to and from school.
  - Prevention activities that are designed to create and maintain safe, disciplined, and drug - free environments.
  - A crisis management plan for responding to violent or traumatic incidents on school grounds.
  - A code of conduct policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a classroom environment that:
    - Allows a teacher to communicate effectively with all students in the class.
    - Allows all students in the class to learn.
    - Has consequences that are fair, and developmentally appropriate.
    - Considers the student and the circumstances of the situation.
    - Is enforced accordingly.

50. The application and any waiver request under section 4115(a)(3) (to allow innovative activities or programs that demonstrate substantial likelihood of success) will be available for public review after submission of the application.

### **TITLE IV, PART A, SUBPART 3**

51. The SSD assures that it has, in effect, a written policy providing for the suspension from school for a period of not less than one year of any student who is determined to have brought a firearm to school or who possesses a firearm at school and the referral of a student who has brought a weapon or firearm to the criminal or juvenile justice system. Such a policy may allow the Superintendent to modify such suspension requirement for a student on a case - by - case basis.

### **TITLE V, PART A**

52. The SSD has provided, in the allocation of funds for the assistance authorized by this part and in the planning, design, and implementation of such innovative assistance programs, for systematic consultation with parents of children attending elementary schools and secondary schools in the area served by the SSD, with teachers and administrative personnel in such schools, and with such other groups involved in the implementation of this part (such as librarians, school counselors, and other pupil services personnel) as may be considered appropriate by the SSD.

53. The SSD will comply with this Part, including the provisions of section 5142 concerning the participation of children enrolled in private nonprofit schools.

54. The SSD will keep such records, and provide such information to the SEA, as may be reasonably required for fiscal audit and program evaluation.

55. The SSD will annually evaluate the programs carried out under this Part, and that evaluation:

- will be used to make decisions about appropriate changes in programs for the subsequent year;
- will describe how assistance under this part affected student academic achievement and will include, at a minimum, information and data on the use of funds, the types of services furnished, and the students served under this part; and
- will be submitted to the SEA at the time and in the manner requested by the SEA.

### **New LEAP Assurances**

56. Uniform Management Information and Reporting System: the SSD assures that it will provide to the California Department of Education (CDE) information for the uniform management information and reporting system required by No Child Left Behind, Title IV in the format prescribed by CDE. That information will include:

- (i). truancy rates;
- (ii). the frequency, seriousness, and incidence of violence and drug - related offenses resulting in suspensions and expulsions in elementary schools and secondary schools in the State;
- (iii). the types of curricula, programs, and services provided by the chief executive officer, the State educational agency, local educational agencies, and other recipients of funds under this subpart; and
- (iv). the incidence and prevalence, age of onset, perception of health risk, and perception of social disapproval of drug use and violence by youth in schools and communities. (Section 4112, General Provisions, Title IV, Part A, PL 107 - 110)

57. Unsafe School Choice Policy: the SSD assures that it will establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the State, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school. The SSD will submit on a format to be designated by CDE the information the state requires to complete annual federal reporting requirements on the number of schools that have been designated "persistently dangerous" in accordance with California State Board of Education policy. (Section 9532, General Provisions, Title IX, PL 107 - 110.)

### **Other**

58. The SSD assures that a minimum of 95% of all students and a minimum number of students in each subgroup (at both the school and district levels) will participate in the state's assessments program.

## Local Educational Agency Plan Mupu Elementary School District

### Appendix A

On May 30, 2002, the California State Board of Education (SBE) adopted the five goals and 12 performance indicators for No Child Left Behind, as set forth in the Federal Register Notice of May 22, 2002. The SBE's adoption of the specified goals and performance indicators represents California's commitment to the development of an accountability system to achieve the goals of NCLB.

Collectively, NCLB's goals, performance indicators, and performance targets constitute California's framework for ESEA *accountability*. The framework provides the basis for the state's improvement efforts, informing policy decisions by the SBE and implementation efforts by the California Department of Education (CDE) to fully realize the system envisioned by NCLB; it also provides a basis for coordination with the State Legislature and the Governor's Office.

#### **California's NCLB Performance Goals and Performance Indicators**

**Performance Goal 1: *All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics, by 2013 - 2014.***

**1.1 Performance indicator:** The percentage of students, in the aggregate and for each subgroup, who are above the proficient level in reading on the State's assessment. (These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(1)(C)(i).)

**1.2 Performance indicator:** The percentage of students, in the aggregate and in each subgroup, who are at or above the proficient level in mathematics on the State's assessment. (These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(C)(i).)

**1.3 Performance indicator:** The percentage of Title I schools that make adequate yearly progress.

**Performance Goal 2: *All limited - English - proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.***

**2.1 Performance indicator:** The percentage of limited - English - proficient Students, determined by cohort, who have attained English proficiency by the end of the school year.

**2.2 Performance indicator:** The percentage of limited - English - proficient students who are at or above the proficient level in reading/language arts on the State's assessment, as reported for performance indicator 1.1.

**2.3 Performance indicator:** The percentage of limited - English - proficient students who are at or above the proficient level in mathematics on the State's assessment, as reported for performance indicator 1.2.

**Performance Goal 3: *By 2005 - 2006, all students will be taught by highly qualified teachers.***

**3.1 Performance indicator:** The percentage of classes being taught by "highly qualified" teachers (as the term is defined in section 9101(23) of the ESEA), in the aggregate and in "high - poverty" schools (as the term is defined in section 1111(h)(1)(C)(viii) of the ESEA).

**3.2 Performance indicator:** The percentage of teachers receiving high - quality professional development. (See definition of "professional development" in section 9101(34).)

**3.3 Performance indicator:** The percentage of paraprofessionals (excluding those with sole duties as translators and parent involvement assistants) who are qualified. (See criteria in section 1119(c) and (d).)

**Performance Goal 4: *All students will be educated in learning environments that are safe, drug free, and conducive to learning.***

**4.1 Performance indicator:** The percentage of persistently dangerous schools, as defined by the State.

**Performance Goal 5: *All students will graduate from high school.***

**5.1 Performance indicator:** The percentage of students who graduate from high school, with a regular diploma:

- disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged; and,
- calculated in the same manner as used in National Center for Education Statistics reports on Common Core of Data.

**5.2 Performance indicator:** The percentage of students who drop out of school:

- disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged; and
- calculated in the same manner as used in National Center for Education Statistics reports on Common Core of Data.
